Florida City Gas

by Ric Garwood

In the coming months, Florida City Gas will be replacing gas mains in Diana Shores. The new gas mains will be placed in the front easement and road right-of-way. The existing gas mains in the rear easement area of homes will be abandoned.

The individual service lines connecting homes to the natural gas distribution system will likely need replacement as well. If your service line is replaced, an authorized contractor or qualified service representative will schedule a time to enter your home and relight all working appliances that operate on natural gas once the service connection is complete. Please DO NOT attempt to relight your own pilot lights

Residents with existing gas service have probably already received a letter explaining the actions. Residents directly along the construction route will also receive a letter.

Yards of the Month

by Marlene Guthrie

335 Ursa - April Yard of the Month

Ed and Jennie Harding. Moved to Diana Shores in 1997 from Long Island where they lived for 30 years. Their three children live in Florida also. She is originally from Holland and he is from Indonesia

1665 Sykes Creek Drive - May Yard of the Month

Lynn Knight came to Merritt Island and Diana Shores in 1980. She is a past president of the Diana Shores Homeowners Association. Shortly after moving into Diana Shores, Sykes Creek experienced a multi million fish kill caused by sewage pollution from a local community bordering Sykes Creek. She and four other concerned citizens filed suit and after 7 years were successful in getting a Regional sewage plant. Currently Lynn is concerned with the serious degradation of the Indian River Lagoon and encourages all of us to become knowledgeable and to be involved. Some of you may remember or have heard of the Diana statue that used to be at the entrance of the community. It was vandalized and had to be trashed. Lynn rescued it from the junk pile and restored the statue. It now stands in her yard and can be seen in the left side of the picture.

1700 Vega - June Yard of the Month

Dennis and Irma Foldesi at 1700 Vega Avenue have lived in Diana Shores for 20 years. Both are originally from Hungary. They moved to NJ in 1956 with their two children. A daughter and her husband now live in NY and her son and his wife live right across the street from them. When her son went to school here and met his wife they settled in Diana Shores. They got a call in 1996 that the house across the street from their son was for sale and the rest is history. Besides their children

they have four grandchildren and 2 great grandchildren.

Yards of the Month (continued)

1365 Cepheus Court - July Yard of the Month

Mike and Beverly Kennedy found this jewel in the rough in 2013 so they bought it and moved in. Bev is from North Dakota and Mike is from Illinois. They have 3 children and 2 grand daughters. See the big boulders in the picture—they were moved from their previous home. Mike started to make a fountain out of them and drilled a 2” hole through one and that was as far as he got before moving to Diana Shores.

145 Artemis - August Yard of the Month

Ron and Sandra Reef moved to Diana Shores in September 1992, but have been visiting this area since 1977. Originally from Ohio, they have been married for 47 years and have a daughter and 3 grandkids who live in Orlando.
